

Robert B. Smith, III MD Award Recipients

2024

Creation of iPSC-Derived Lymphatic Endothelial Cells for Use in Regenerative Therapy for Lymphedema

Katherine Owsiany, MD, PhD (PGY2)

Emory University School of Medicine, Department of Surgery, Division of Vascular Surgery and Endovascular Therapy, Atlanta, GA

2023

Comparison of Non-Autologous Hemodialysis Grafts: Bovine Carotid Artery Versus Synthetic

Richard A. Meena, MD (PGY-5)

Emory University School of Medicine, Department of Surgery, Division of Vascular Surgery and Endovascular Therapy, Atlanta, GA

2022

Smoking Status Impacts Mitochondrial Function in Peripheral Arterial Disease Patient Derived Mesenchymal Stem Cells

Dylan K. McLaughlin, MD

Emory University School of Medicine, Department of Surgery, Division of Vascular Surgery and Endovascular Therapy, Atlanta, GA

2021

Multidisciplinary Telehealth-Focused Approach to Chronic Limb-Threatening Ischemia Prevents Increased Amputation Rates During COVID-19 Pandemic

Richard A. Meena, MD

Emory University School of Medicine, Department of Surgery, Division of Vascular Surgery and Endovascular Therapy, Atlanta, GA

2020

Contemporary Outcomes of Popliteal Vein Banding in the United States

Shayna Brathwaite, MD

Emory University School of Medicine, Department of Surgery, Division of Vascular Surgery and Endovascular Therapy, Atlanta, GA

2019

Carotid Endarterectomy in Young Patients: A Population Based Study

Emma Rooney, MD

Emory University School of Medicine, Department of Surgery
Division of Vascular Surgery and Endovascular Therapy
Atlanta, GA

2018

Surveillance Recommendations Following TEVAR Should be Based on Initial Indication for Repair

Richard A. Meena, MD

Emory University School of Medicine
Atlanta, GA

2017

Risk of Kidney Injury after Percutaneous Thrombectomy Using Angiojet

Christopher Ramos, MD

Emory University School of Medicine
Atlanta, GA
